PREFACE

An important component of the Department's ongoing service to the industrial relations community is the annual preparation of the Directory of Labour Organizations. It intends to summarize pertinent facts related to the labour movement in New Brunswick.

The Directory comprises five parts; the first part contains statistical tables of union membership by size, industry, gender and congress affiliation. The second part lists international and national unions as well as independent local organizations either affiliated or unaffiliated to a central labour congress. The remaining sections contain the names of labour representatives, officials of the Central Labour Congresses, the New Brunswick Federation of Labour, the New Brunswick Council of Labour, officers of the Construction Associations and the Building and Construction Trade Councils in New Brunswick.

The information presented has a reference date of January 1987 and was obtained from survey returns completed by the representatives and headquarters of the various labour organizations. We wish to express our appreciation to these organizations for their assistance.

For further information or assistance, please call (506) 453-3940.

STATISTICS ON UNION MEMBERSHIP IN NEW BRUNSWICK, 1987

SUMMARY

Between 1983-1986, union membership in New Brunswick dropped substantially in contrast with steady annual increases in the size of the labour force. Numbers of union members decreased marginally in 1987, from 86,524 in 1986 to 86,502, reflecting, for the second consecutive year, the lowest membership recorded for the province since 1978.

Industrial sectors showing the greatest decline in union membership were Transportation, Communications and Other Utilities (-1,052) and Health and Social Services industries (-673). Government Services industries saw a growth of 653 union members over the year.

Trade unions falling under the jurisdiction of the Industrial Relations Act experienced a growth of 857 members while those under the Canada Labour Code showed a 796 drop in membership.

It should be noted that membership data for the Maritime Fishermen's Union is excluded from this analysis due to the absence of an employer-employee relationship.

***UNION** - The unit of labour organization that organizes and charters locals in the industries or trades as defined in its constitution, sets general policy for its locals, assists them in the conduct of their affairs, and is the medium for co-ordinating their activities. Funds are obtained from the locals through per capita dues. Unions usually hold regular conventions of delegates from the locals at which general policy is set and at which officers are elected.

***INTERNATIONAL UNION** - A union that charters locals in the United States and Canada.

***NATIONAL UNION** - A union that charters locals in Canada only.

***AFFILIATED UNION** - A union that is affiliated with a central labour congress.

***INDEPENDENT LOCAL ORGANIZATION** - A local organization that is not formally connected or affiliated with any other labour organization.

***LOCAL** - The basic unit of labour organization formed in a particular plant or locality. The members participate directly in the affairs of their local including the election of officers, financial and other business matters, relations between their organization and employers, and they pay dues to the local. There are locals of international, national or regional unions, locals directly chartered by a central congress and independent local organizations. Sometimes unions have units, similar to locals, such as lodges, branches or divisions.

***LOCAL OF AN INTERNATIONAL OR NATIONAL UNION** - A local that is organized by or elects to affiliate itself with an international or national union. Per capita dues are paid to the parent union and in return certain services are rendered by the union.

***DIRECTLY CHARTERED LOCAL** - A local that is organized by, and receives its charter from a central labour congress and is not part of an international or national union. It pays per capita dues directly to the congress and receives services from the congress.

***DISTRICT COUNCIL** - An organization of locals of a union in a particular area formed to coordinate the activities of the locals in the district. District councils may hold meetings of delegates from member locals to deal with matters of interest to them and at which officers for the district are elected. District organizations are also known by such names as joint boards or conference boards.

***ALLIED TRADES FEDERATION** - An organization of unions or locals of unions in a particular area, functioning in the same industry, to co-ordinate the activities of the members and to deal with jurisdictional questions. Policies are established and officers are elected at meetings attended by delegates from member organizations. Trades federations may be known by other names such as union councils, union federations, joint councils, and they are most frequently found in industries organized along craft lines.

***CENTRAL LABOUR CONGRESS** - An organization having in affiliation various unions, directly chartered locals, provincial federations of labour, and local labour councils, for the purpose of broadly co-ordinating their activities at the national level including the relations between unions and governments and establishing relations with organized workers internationally. Congresses hold annual or biennial conventions attended by delegates from affiliated organizations at which policies are established and officers elected. The congress also organizes local unions known as directly chartered locals. Funds are obtained through a per capita tax on all affiliates.

***PROVINCIAL FEDERATION** - An organization formed by a labour congress at the provincial level, which consists of the congress affiliate in the province. It functions similarly to the congress in the appropriate provincial area except that it does not charter local unions. Funds are obtained through a per capita tax on affiliates.

***LOCAL LABOUR COUNCIL** - An organization formed by a labour congress at the city level. It is organized and functions in the same manner as a provincial federation but within the scope of a city. Funds are obtained through a per capita tax on affiliates.
